

MCA Discography

Note: When MCA discontinued Decca, Uni, Kapp and their subsidiary labels in late 1972, they started the new MCA label by consolidating artists from those old labels into the new label. Starting in 1973, MCA reissued hundreds of albums from all of those labels with new catalog numbers under the new MCA imprint. They started these reissues in the MCA-1 reissue series, which ran to MCA-299.
