Discography Of The Time Label

The Time Label was started in New York City by Bob Shad in 1959. Time Records was located at 2 West 45th Street in New York. The output of the label was popular, folk, blues, country, R&B, jazz and gospel.

Bob Shad was responsible for A&R for the label. Shad had a long history in the record business, he started the label "Sittin' In With" in the late 1940's. He sold that label to Mercury Records and started to do A&R work for them, mainly on their jazz subsidiary Emarcy. After Mercury, he did A&R work for the giant Decca label. Time had two subsidiary labels Brent and Shad, but it is believed that both these labels issued singles only.

Time was a primarily a MOR label although it did release a few jazz and blues titles. Hugo Montenegro, Hal Mooney and Al Caiola were staples on the label. The Time label was very similar to the Command label issuing many orchestral percussion albums where the stereo effect was exaggerated. Time operated into 1966 when it ceased operations.
